Depending on the number you choose here, **the animation will be different** in the tama.

There are up to 4 different images in an animation, which I will refer to as 1, 2, 3, 4.

I recommend using a small canvas (like 30/40 px) as the object will move in your tama screen.

*Example :*

*This pixel drawing is 36 px by 36 px*

1 : Your tama looks at 1 and is happy

2 : Merry Christmas animation

3 : Teddy bear animation

4 : 1 appears + smoke + 1 + smoke + 2

5 : *I had a bug with a blue screen and had to remove the battery from my tama to reset the screen - I didn't test it again*

6 : 1 flies in the air with tama on top

7 : 1 / 2 appears on tama's head

8 : the object get duplicated : 1 -> 2 / 3 -> 4

9 : object get duplicated and becomes an army

10 : swimming pool animation - tama jump in the object and water splashes

11 : transformation from 1 / 2 -> 3

12 : your tama is seated, 1 + 2 are flying in the air

13 : tama flying with the object

14 : object moving and music notes

15 : black background and object get duplicated

16 : black background with 1 / normal background with 2 => animation get repeated several times

17 : 1 -> smoke -> 2 that flies off and 1 stays on the ground

18 : tama kisses the object (little lightning bolts) : 1 + 2 arrives from right side of screen

19 : 2 and 3 come from 1 and fly off

20 : 1 +3 on screen then 1 become 2 and fly off  
21 : tama jumps on 1 and 2 then the tama flies off  
22 :Tama is hiding behind 1 and dreams of 3 2 4 at the same time  
23 : 1 gets duplicated and the double flies off, then 2 appears  
24 : 2 on top of 1 then 1 alone  
25 : 1 + tama dreams of 2 then dreams of 3  
26: music notes (music box animation)  
27 : music notes  
28 : your tama is hanging from 1 and flying in the air  
29 : tama is dreaming from 2, then 1 + 3  
30 : 1 is flying and the Tama is following running from left to right and right to left  
31 : 1 and 2 are flying with the Tama behind  
32 : 1 becomes 2 and 1 flies off to the city sky  
33 : 1 and 2 fly in the air and your tama's friend comes  
34 : Tama is on 1 and is driving from left and right (car animation)  
35 : 1 turns around your tama while your tama is looking  
36 : ball game animation  
37 : 1, 2, 3, 4 are coming from 1 and then go back to 1  
38 : Tam:a is turning around 1  
39 : 1 and 4 are in the airs and 1 is tilted  
40: 1 is rolling on the ground with tama  
41 : 1 get duplicated  
42 : harmonica animation  
43 : 1 appears and tama dreams of 2 then 3 then 2  
44 : 1 flies with stars around and tama is happy  
45 : friends come with 1 then 1 is duplicated in 2, 3, 4  
46 : 1, 2 and 3 on top of each other then smoke and 4  
47 : 1+1 then 2 comes out and then they get duplicated
